Every figure except price is taken over all animals in the published catalogue, including auctions still to come; price figures count the animals sold. Weights depend on the country and grazing, so the kilogram measures are best compared within a province or veld type. Placings are the Default view the rankings open on: an average ranks once 10 or more animals carry its figure. Top Price places the stud's top animal among every animal sold in that market. A class is counted per table — a male table by the stud's male animals — so one stud can sit in different classes in different tables. Positions are shared where figures read the same (02=), and each is given with the size of its field. A placing in the top 20% of its field is highlighted, and one in the top half is in bold.
